Government of India

#startupindia

Startup India is an initiative of the Government of India. The campaign was first announced by Indian Prime Minister, Narendra Modi during his speech on 15 August 2015.

The action plan of this initiative is focussing on three areas:

1. Simplification and Handholding.
2. Funding Support and Incentives.
3. Industry-Academia Partnership and Incubation.

An additional area relating to this initiative is to discard restrictive States Government policies within this domain, such as License Raj, Land Permissions, Foreign Investment Proposals, and Environmental Clearances. It was organized by The Department for promotion of industry and internal trade (DPI&IT).

About Best Care

Best Care Tissues & Hygiene LLP Company, the most promising Manufacturer, Supplier, Wholesale Trader, and Wholesaler firm was established in 2005, providing the finest quality Tissue Paper, Air Freshener Refills, and dispensers, Foam Soap Refills & Dispenser, Hand Sanitizer Refills & Dispenser. We have expanded our superior grade product portfolio across a range of highly demanded products to maintain the hygiene, such as Air Freshener Machine, Paper Towel Dispenser, and Soap Dispenser. Trading expertise is a big part of our success, which makes us able to procure the most acceptable range of products featuring, quality construction, superior finish, reliable performance, and low cost maintenance.

About CareGenix

CareGenix Hygiene is India's leading innovator of scent marketing technology and is highly recognized as a hygiene care industry expert. Established in 2020, we're a small and unique close-knit team who over time have built close relationships with Corporates, retailers, and the world's global consumer goods companies. Our expertise includes custom Signature Scent design, natural Essential Oils, and premium Aroma Diffuser Systems. Contact us to create your brand's Signature Fragrance and to create healthy and effective Skin Care, Feminine Hygiene Care, and Tissue product-related inquiries.

[Color] : Black / White	[Area] : 300-500m ²
[Installation] : Lay flat/wall/Connect HVAC	[Use] : Touch screen /APP control

CAN BE CONNECTED TO AIR CONDITIONING FRESH AIR SYSTEM

Large combined ventilation system can be connected through pipes, which can spread fragrance more evenly and rapidly over a large area.

INTELLIGENT CONTROL NANO ATOMIZATION

Adopt advanced two-field air atomization technology. Make sweet atmosphere essential oil and air mix evenly. Using the principle of high velocity flow of compressed air, the essential oil atomizes into smaller particles and diffuses rapidly throughout the space.
